

GOVERNMENT OF ZAMBIA

---

STATUTORY INSTRUMENT NO. 22 OF 2020

---

**The Public Health Act**  
(Laws, Volume 17, Cap. 295)

---

**The Public Health (Infected Areas) (Coronavirus Disease 2019) Regulations, 2020**

IN EXERCISE of the powers contained in sections 28, 30 and 114 of the Public Health Act, the following Regulations are made:

- |  |                |
|--|----------------|
| <p>1. These Regulations may be cited as the Public Health (Infected Areas) (Coronavirus Disease 2019) Regulations, 2020.</p>   | Title          |
| <p>2. In these Regulations, unless the context otherwise requires—</p> <p>“authorised officer” means a Medical Officer of Health, Health Inspector, District Medical Officer, Environmental Health Officer or a suitably qualified person authorised in writing by the Minister or a local authority with approval of the Minister;</p> <p>“building” has the meaning assigned to the word in the Act;</p> <p>“conveyance” means a system or means of conveying people or goods from place to place and includes an aircraft, ship, train, vehicle or any other means of transportation;</p> <p>“COVID-19” means the Coronavirus Disease 2019;</p> <p>“health facility” means any site, fixed or mobile providing services to the public for the prevention diagnosis and treatment of disease or illness and includes a diagnosis centre, a hospice and a hospital;</p> <p>“infected area” means a part of the Republic or any conveyance declared as being or appearing to be threatened by the epidemic of COVID-19; and</p> <p>“unsanitary condition” means a condition or circumstance that might generate, promote or transmit COVID-19 to a person.</p> | Interpretation |

- Conversion of building as hospital, observation camp or station
3. The ministry responsible for health may convert a suitable building to a hospital, observation camp or station for the purpose of placing a person suffering or suspected to be suffering from, or who has been in contact with a person suffering from COVID-19.
- Exit from hospital, observation camp or station
4. (1) A person shall not leave a hospital, observation camp or station referred to in regulation 3 without the permission of an authorised officer.
- (2) A person shall comply with any direction of the authorised officer under subregulation (1).
- Entry or exit from infected area
5. (1) A person shall not enter or leave an infected area without—
- (a) the permission of an authorised officer in a local authority of the infected area; and
- (b) complying with any direction given by an authorised officer in a local area.
- (2) Subject to subregulation (1) a person who intends to enter or leave an infected area may, before entering or leaving the infected area, be required to undergo the following:
- (a) medical examination;
- (b) disinfection; or
- (c) remain for a specified period in a hospital, an observation camp or station converted under regulation 3.
- Disposal of body
6. The body of a person who has died from COVID-19 shall be disposed of in conformity with the directions of an authorised officer.
- Entry into premises for enquiry
7. An authorised officer may enter premises to search for a case of COVID-19 or to enquire whether there is or has been a case of COVID-19.
- Informing authorised officer in local authority or public health facility
8. A person who becomes aware or has reason to suspect that another person has died or is suffering from COVID-19 shall immediately inform the nearest authorised officer in a local authority or a public health facility.
- Restriction on gathering
9. A public ceremony or gathering of more than five persons, not being a family shall not be held in an infected area without the written permission of a local authority or Medical Officer of Health.

- 
10. (1) An authorised officer may prohibit or restrict the trade of food products and ready to eat foods from and in any location which may pose a danger to health of the consumers and the traders. Prohibition or restriction on trade
- (2) An authorised officer may, in accordance with subregulation (1), institute measures for preventing or limiting the danger to health.
11. An authorised officer shall prohibit or restrict trading in or vending of food in unsanitary conditions. Prohibition or restriction on trading or vending in unsanitary conditions
12. (1) An authorised officer may inspect public premises in order to ensure that it has sufficient sanitation and hygiene to prevent the occurrence or transmission of COVID-19. Sanitation and hygiene in public premises
- (2) An authorised officer may order the cleaning or closure of a public premise or burial of any contaminated water body where the authorised officer determines that public premises or a water body does not have sufficient sanitation and hygiene to prevent the occurrence or transmission of COVID-19.
13. The measures referred to in these Regulations will be effected if the urgency category levels described in the Schedule reach the alert level. Effecting of measures
14. A person who fails to comply with a direction, prohibition or restriction of an authorised officer or otherwise contravenes these Regulations commits an offence and is liable, on conviction, to a fine not exceeding two thousand five hundred penalty units or to imprisonment for a term not exceeding six months, or to both. General offence

SCHEDULE  
(Regulation 13)

URGENCY CATEGORY LEVELS

The Urgency Category Levels are as follows:

- (a) “alert level” conveying the highest level of importance and warranting immediate action or attention;
- (b) “advisory level” requiring the provision of important information for a specific incident or situation and does not require immediate action; or
- (c) “update level” requiring the provision of updated information for a specific incident or situation and unlikely to require immediate action.
